STAR WARS: REBELLION

"FROM EVERY QUARTER, PART ONE"

ACT ONE

FADE IN:

EXT. SPACE – UNKNOWN SECTOR

A mismatched crowd of capital ships surrounds an empty section of space. Their formations are disorganized; they have only just arrived and have yet to signal their defense patterns. RADIO CHATTER sounds as a cadre of new arrivals drop from hyperspace.

CORELLIAN GUNSHIP CAPTAIN (V.O.)
Sending Alliance waveband protocols now, open channel.

BULK CRUISER CAPTAIN (V.O.)
Bulk cruiser *Marigold* reporting sector clean. Transmission of pass codes set to beam. Launching fighter screen now.

X-Wings pour from the hangar bays of the Bulk Cruiser.

BLOCKADE RUNNER CAPTAIN (V.O.)
Anna 327 to *Marigold*: strutting for the Admiral or just showing us how well you did at the Eriadu Run?

CORRELIAN GUNSHIP CAPTAIN (V.O.)
Open channel secure. Not that anyone here seems to care.

DEEP TRANSPORT CAPTAIN (V.O.)
Roger that. General apathy at all time high, everywhere in the galaxy.
